

RENAULT MASTER MTM STALLION VERSION

Reversing camera

Storage areas

Camera in horse
acomodating area

Temperature system

ADVANTAGES

The Renault Master Filovan MTM Stallion version is equipped with a high partition and a closed front panel. It is representative, safe and has all mod cons. The two-horse horsebox is ideal for you to hire for example for:

- Transport to and from (national or international) competitions
- (Emergency) visits to the vet
- Transport of mare and foal
- Transport to and from auctions in which your horse is participating
